

Online Search Tool for EU-Funds in the Danube Region

An initiative of PAC10

Sophie Deuer

04.05.2016

EU projects, together it's easy.

www.eurovienna.at

Background & Objectives

What is EuroAccess?
An online search tool to find EU funding opportunities for projects in the Danube Region

Background:
EUSDR Action Plan – PA10 action 7: „to review bottlenecks relating to the low absorption rate of EU funds and to ensure better coordination of funding“

2 main reasons of the low absorption rate of EU funds in the Danube Region:

- no central information point on EU-funds
- limited knowledge on available EU-funds

➔ **Objective: to facilitate access to EU-Funds and raise the number of EU-funded projects in the Danube Region**

An initiative of PAC10

- **Management Structure:**
 - **PAC10 Vienna** /City of Vienna: Beneficiary of the Commission's grant
 - **EuroVienna EU-consulting & -management GmbH:** Implementing Body
 - Key competences: Project development / Project management / Financial Management
 - Implementing Projects of PAC10, e.g. START, TAF-DRP and EuroAccess

Project Overview

Online search tool available under: www.euro-access.eu

- in **English** and **free-of-charge**
- Containing a number of **project-oriented filters**: applicant's type of organization, provenance of the applicant, funding area, thematic focus, type of funding
- Listing **Calls for proposals** under the **European Structural and Investment Programmes** (ESI) and **Action Programmes** relevant to the EUSDR in the funding period 2014-2020
- Covering **7 topics** which correspond roughly to the **priorities of the European Union in the funding period 2014-2020**: environment & climate change, science & research, education & youth & culture, health & sports, employment & social policies, infrastructure & transports, energy

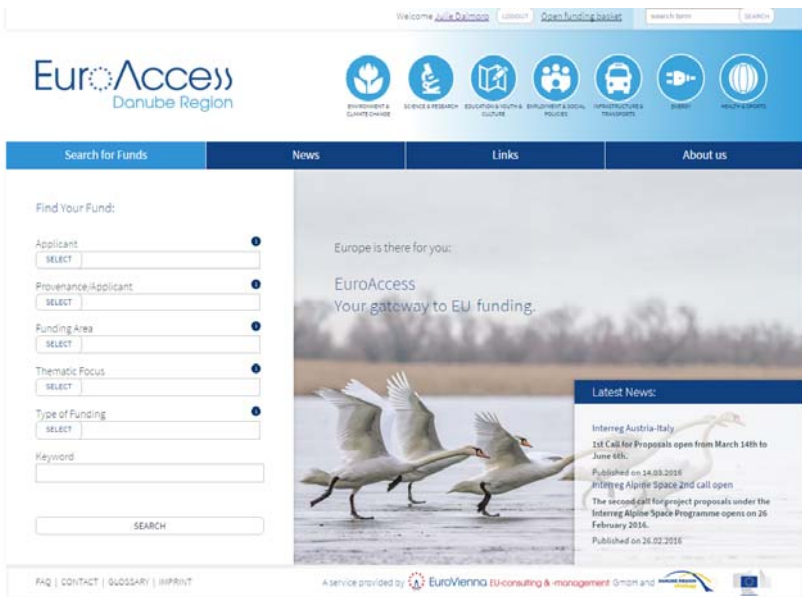

State of play

- **Website:**
 - structure established & continuously being improved
 - Newsletter for registered users (optional)
 - pdf and word export of each individual call
 - *Funding Basket* and cumulated PDF/Word Export of selected calls
- **Database:**
 - Continuously being updated with new calls

The screenshot shows the EuroAccess Danube Region website interface. At the top, there is a navigation bar with the EuroAccess logo and a search bar. Below the navigation bar, there are several icons representing different sectors: Environment & Climate Change, Science & Research, Education & Youth & Culture, Enterprise & Social Policy, Infrastructure & Transport, Energy, and Regional Growth. The main content area is divided into four sections: Search for Funds, News, Links, and About us. The Search for Funds section contains a 'Find Your Fund' form with dropdown menus for Applicant, Provenance/Applicant, Funding Area, Thematic Focus, and Type of Funding, along with a Keyword field and a SEARCH button. The News section features a large image of swans and the text 'Europe is there for you: EuroAccess Your gateway to EU funding.' Below this, there is a 'Latest News' section with a list of recent calls for proposals, including 'Interreg Austria-Italy 1st Call for Proposals open from March 14th to June 6th' and 'The second call for prospect proposals under the Interreg Alpine Space Programme opens on 26 February 2016'. The footer of the website includes the EuroVienna logo, the Danube Region Strategy logo, and the European Commission logo.

infrastructure & transports

Within the topics infrastructure, urban planning, urban regeneration and transport, the European Union only has competence in transport matters. The other areas are mainly subject to the competence of the Member States or regional and / or local decision-makers.

Well-maintained, reliable transport connections are essential to promote trade and economic growth as well as to create jobs and prosperity in Europe. The supply chains are dependent on the transport networks, which

Interreg Austria-Italy
Published on 14.03.2016

The aim of the Interreg Italy-Austria programme is to strengthen cross-border cooperation in the Italian-Austrian border area and to thereby contribute to achieving the objectives of Europe 2020. In particular, this first call supports projects in the fields of research and innovation, nature and culture and institutional competence.

The first call opens on March 14, 2016 and closes on June 6, 2016 at 5 pm.

The available ERDF funds for this call amount to 30 000 000 €.

All submitted project proposals must have a concrete and sustainable cross-border approach, coincide with one of the investment priorities and involve the beneficiaries defined for every priority. As a general rule beneficiaries should be based in the eligible area and all project activities should be carried out within this particular cooperation area. The budget of the project proposals should range between 100 000 € and 1 million € of ERDF funds.

EuroAccess Danube Region

EuroAccess Danube Region is an online information and search tool on EU-funding available in the Danube Region, that can be used as support for the implementation of the Action Plan of the EU Strategy for the Danube Region (EUSDR) in the period 2014-2020. The Vienna-based Priority Area Coordinator of Priority Area 10 (PAC10) "To set up institutional capacity and cooperation" of the EUSDR has been entrusted by the European Commission to implement the project **EuroAccess Danube Region**, within the Danube Implementation Facility. The action contributes to action 7 of PA10 in the EUSDR Action Plan: "to review bottlenecks relating to the low absorption rate of EU funds and to ensure better coordination of funding".

The **EuroVienna EU-management & -consulting GmbH** acts as **affiliated entity** to the City of Vienna for the purpose of this action and is entrusted by the City of Vienna with the **overall management and implementation of the action**.

Based in Vienna, **EuroVienna** offers a wide range of services in the field of EU project management.

The management of your EU project is in very good hands with our team:

Call: Prevention, detection, response and mitigation of the combination of physical and cyber threats to the critical infrastructure of Europe

Programme Name: Horizon 2020
 ↳ Societal Challenges
 ↳ Secure societies – Protecting freedom and security of Europe and its citizens

Acronym: H2020

Type of Fund: Action programme

Description of Programme "Horizon 2020":
 Horizon 2020 is the biggest EU Research and Innovation programme ever with nearly 80 billion € of funding available over 7 years (2014 to 2020) – in addition to the private investment that this money will attract. It promises more breakthroughs, discoveries and world-firsts by taking great ideas from the lab to the market.

The programme comprises of 3 sections: Excellent Science, Industrial Leadership and Societal Challenges. For each section, two-year work programmes containing calls for proposals are published.
<http://ec.europa.eu/programmes/horizon2020/>

Link to Programme: <http://ec.europa.eu/programmes/horizon2020/>

Description of Programme Level 2 "Societal Challenges":
 A challenge-based approach will bring together resources and knowledge across different fields, technologies and disciplines, including social sciences and the humanities. This will cover activities from research to market with a new focus on innovation-related activities, such as piloting, demonstration, test-beds, and support for

<p>Description of Call "Prevention, detection, response and mitigation of the combination of physical and cyber threats to the critical infrastructure of Europe":</p>	<p>Disruptions in the operation of our countries' infrastructure may put at risk the functioning of our societies and their economies. Such disruptions may result from many kinds of hazards and physical and/or cyber-attacks on installations and systems. A comprehensive, yet installation-specific approach is needed to secure the integrity of existing or future, public or private, connected and interdependent installations. Since the global financial crisis has imposed unprecedented budgetary restrictions on both the public and private sectors, new security solutions must be more efficient and cost-effective than the ones currently available.</p> <p>Proposals should focus on one of the following critical infrastructures: Water Systems, Energy infrastructure (power plants and distribution), Transport infrastructure and means of transportation, Communication Infrastructure, Health Services, Financial Services. Proposals should cover: prevention, detection, response, and in case of failure, mitigation of consequences over the life span of the infrastructure, with a view to achieving the security and resilience of all functions performed by the installations, and of neighbouring populations and the environment.</p>
<p>Call opens:</p>	<p>15 March 2016</p>

Callname	Prevention, detection, response and mitigation of the combination of physical and cyber threats to the critical infrastructure of Europe
Programme Name	Horizon 2020 % Societal Challenges % Secure societies - Protecting freedom and security of Europe and its citizens
Acronym	H2020
Type of Fund	Action programme
Description of Programme "Horizon 2020"	Horizon 2020 is the biggest EU Research and Innovation programme ever with nearly 80 billion € of funding available over 7 years (2014 to 2020) - in addition to the private investment that this money will attract. It promises more breakthroughs, discoveries and world-firsts by taking great ideas from the lab to the market. The programme comprises of 3 sections: Excellent Science, Industrial Leadership and Societal Challenges. For each section, two-year work programmes containing calls for proposals are published.
Link to Programme	http://ec.europa.eu/programmes/horizon2020/
Description of Programme Level 2 "Societal Challenges"	A challenge-based approach will bring together resources and knowledge across different fields, technologies and disciplines, including social sciences and the humanities. This will cover activities from research to market with a new focus on innovation-related activities, such as piloting, demonstration, test-beds, and support for public procurement and market uptake. It includes establishing links with the activities of the European Innovation Partnerships (EIPs). Funding focuses on the following challenges: <ul style="list-style-type: none"> • Health, demographic change and wellbeing; • Food security, sustainable agriculture and forestry, marine and maritime and inland water research, and the Bioeconomy; • Secure, clean and efficient energy; • Smart, green and integrated transport; • Climate action, environment, resource efficiency and raw materials; • Europe in a changing world - inclusive, innovative and reflective societies; • Secure societies - protecting freedom and security of Europe and its citizens.
Description of Programme Level 3 "Secure societies - Protecting freedom and security of Europe and its citizens"	The primary aims of the Secure Societies Challenge are: <ul style="list-style-type: none"> • to enhance the resilience of our society against natural and man-made disasters, ranging from the development of new crisis management tools to communication interoperability, and to develop novel solutions for the protection of critical infrastructure; • to fight crime and terrorism ranging from new forensic tools to protection against explosives; • to improve border security, ranging from improved maritime border protection to supply chain security and to support the Union's external security policies including through conflict prevention and peace building; • and to provide enhanced cyber-security, ranging from secure information sharing to new assurance models. <p>Securing the society against disasters is one of the central elements of the functioning of any society. There is barely any societal sector which is not to some extent concerned by disasters and related resilience and security issues. Fighting crime and terrorism requires new technologies and capabilities for fighting and preventing crime</p>
